CVCC reserves the right to change curriculum and admission requirements without prior notice. Applicants are responsible for completing admission requirements and ensuring all materials have been submitted before the deadline.

**Application to a limited enrollment healthcare program is complex. Applicants who begin the CVCC admission process weeks or months before the deadline give themselves time to resolve unexpected issues. Please do not wait until the deadline to start this process.**

This packet provides information to assist you with the admissions and selection process for the Polysomnography program. Completion of the Minimum Admission Requirements (MAR Checklist) is not a guarantee of acceptance. Admission to the program is based on completion of all items by the deadline date and the number of vacancies in the program. If you have questions regarding the program, please contact the Program Director at 828-327-7000, ext. 4619.

**What is a polysomnographic technologist?** Polysomnographic technologists act as eyes and ears for specially trained doctors who review and interpret data for sleep related disorders. Applicants chosen as alternates or not accepted for the program will also be notified at that time. Students may apply to only one (1) healthcare program at a time. Should acceptance to that program be denied, the student may apply to another healthcare program whose application deadline has not yet occurred at CVCC. (CVCC Procedures 3.4)
